Saving energy is as easy as 1...2...3.

Our Online Energy Audit, accessible from any computer or mobile device, can analyze your energy use within five minutes flat. It also generates customized tips and suggestions to help you save money on your energy costs.

Why wait? It's that easy!

1: Take a quick survey

The screenshot shows the 'Energy Usage Information' section of the website. It includes a navigation bar with 'RESIDENTIAL', 'BUSINESS', and 'COMPANY' tabs. Below the navigation, there are tabs for 'Saving Tips', 'Energy Forecast', 'Bill Analysis', and 'My Home'. The main content area is titled 'Tell Us About Your Home' and contains three numbered questions: 1) 'WHAT IS THE LOCATION OF YOUR HOME?', 2) 'HOW BIG IS YOUR HOME?', and 3) 'HOW MANY PEOPLE LIVE IN YOUR HOME?'. Question 2 includes icons for 'Advanced House Details', 'Small House (500-1000 Sqft)', 'Medium House (1000-2500 Sqft)', and 'Large House (3000-6000 Sqft)'. A 'Yes' button is visible for the question 'Do you own your home?'.

2: Find easy ways to save

The screenshot shows the 'Savings Tips' page. It features a header with 'SAFETY', '\$ PAY BILL', and 'LOGIN' links. The main content includes a 'Save Energy' section with links for 'Energy Audit', 'Energy Calculators', 'Conservation Rebates', and 'Savings Tips'. Below this is a 'Benefits of Natural Gas' section with a list of benefits: Efficient, Reliable, Safe, Carbon-Friendly, and Produced in America and Economical. A 'Savings Tips' section lists: Home Heating, Water Heating, Laundry, and Cooking. A 'Saving Green with Natural Gas' image shows a family in a kitchen.

First, **log in or register for our Online Energy Audit** and use our interactive assessment to tell us about your home. Is your house large or small? Well-insulated or under-insulated? How many people are living there? What appliances are drawing on electricity and using natural gas?

Take just a few minutes to give us the basics and click **"Advanced Details"** to provide additional data for an even more accurate assessment.

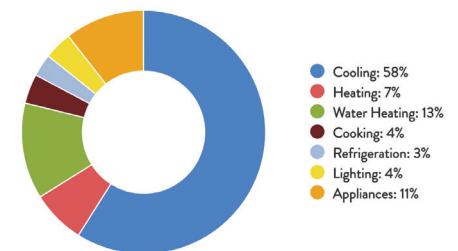

After clicking **"Show Analysis,"** discover opportunities for improvement with customized energy-saving recommendations resulting from your survey responses. You will be provided with tips to implement. Best of all, the Energy Audit will tell you approximately how much you stand to save!

3: Explore your energy use

Click on the **"Bill Analysis"** tab to view a detailed breakdown of the energy consumption in your home. Colorful charts and graphs explain where your actual energy dollars are going and how your usage has changed over time.
