If approved, the proposed rates and service charges would be effective in January 2026.

The rates do not reflect the Purchased Gas Adjustment, which is passed through from gas and major pipeline suppliers and can fluctuate monthly based on the price of natural gas.

Rate schedules are subject to gross receipts taxes, city and state taxes and franchise fees, where applicable.

Base rates are part of the Customer Charge and Distribution Charge line items on your bill. The Distribution Charge is a grouping of several costs, including your base rate, a charge for energy conservation programs, legacy pipeline replacement and other costs.
