

Company overview: At the heart of Florida's energy

Making life better for our communities:

We're delivering safe, resilient, clean and affordable natural gas.

Established in 1895, Peoples Gas System is Florida's largest natural gas distribution utility.

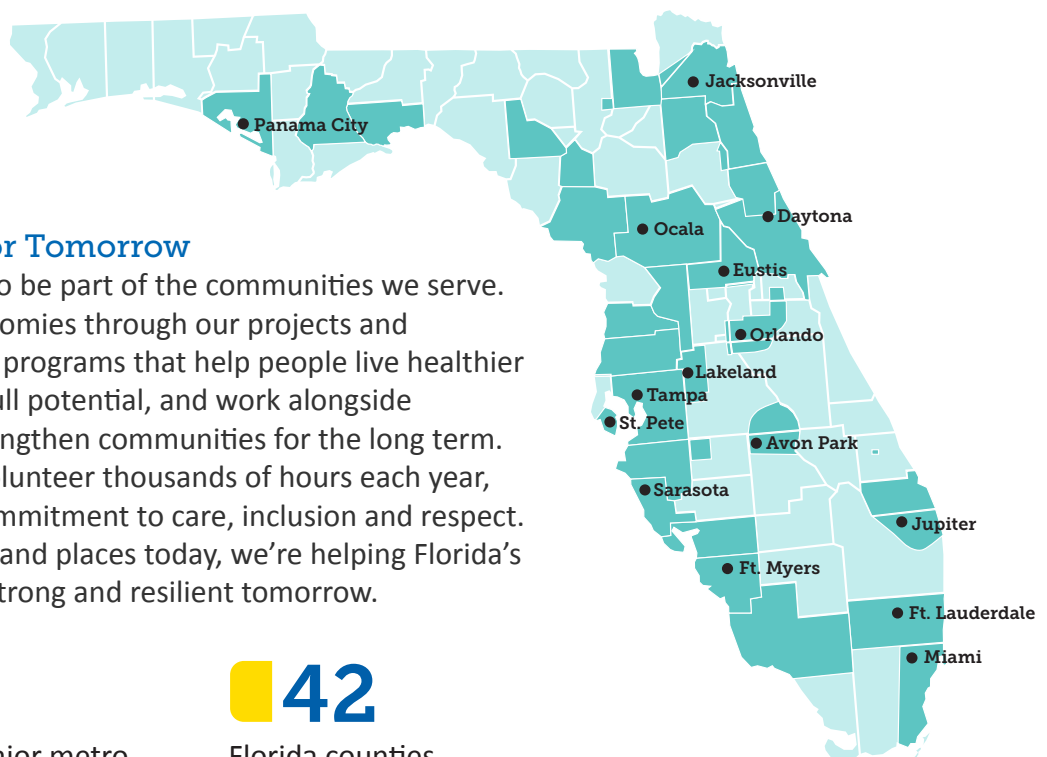

More than 900 employees work to serve over 523,000 homes and businesses in communities throughout the state with safe and resilient natural gas.

Fueling Florida's future

As part of our commitment to customers and communities throughout Florida for over 130 years, the company continually invests in system expansion, modernized and safe pipeline infrastructure and advanced technologies to diversify the state's fuel mix for greater reliability, resiliency and affordability. Sustainability is at the core of our strategy, with a strong focus on reducing emissions and exploring innovative ways to provide cleaner energy that is accessible and affordable for all.

Florida's Largest

Peoples Gas is the largest natural gas distribution company in Florida.

Investing Today for Tomorrow

Peoples Gas is proud to be part of the communities we serve. We support local economies through our projects and partnerships, invest in programs that help people live healthier lives and reach their full potential, and work alongside organizations that strengthen communities for the long term. Our team members volunteer thousands of hours each year, guided by a shared commitment to care, inclusion and respect. By investing in people and places today, we're helping Florida's communities remain strong and resilient tomorrow.

Environmental impact

We're reducing emissions while growing our customer base through infrastructure upgrades and expansion.

Peoples Gas has been committed to the Environmental Protection Agency's Natural Gas STAR Methane Challenge and lowered emissions by more than 33%.

Substantial assets

- 16,182 miles of main
- 6,600+ miles of service lines
- 157 miles of transmission

Resiliency

Investments in innovation like renewable natural gas (RNG), compressed natural gas (CNG) and liquefied natural gas (LNG) are helping to diversify Florida's energy choices while increasing reliability and resiliency.

Our system currently serves:

- 60 CNG stations
- 5 RNG facilities; 6 more in development

Headquartered in Tampa, Florida, Peoples Gas is Florida's largest natural gas distribution company and is part of Emera Inc., one of North America's largest energy companies. Learn more at PeoplesGas.com and FloridasEnergy.com.
